Maureen L. Gallery continued her studies of the shāpir bīti administrator and of an aspect of the nadītu woman's elevation to that status. Her article on the cultic obligations of women of kezertu status is to appear in Orientalia. Notes on an Old Babylonian text and a
lengthy study of the *shatammu* administrator are to be published in *Archiv für Orientforschung*. Ms. Gallery’s review article of books on Sippar and Old Babylonian history came out in the *Journal of the American Oriental Society*, and another in the *Journal of Near Eastern Studies*.
