

## IN MEMORIAM

### **Maurice D. Schwartz 1913–1999**

From his days as a student at the Institute in the 1930s, Maury was deeply committed to education, both in Near Eastern studies and more generally. A longtime member of the Oriental Institute Visiting Committee, he followed all the Institute's activities with an acute but supportive eye. His passing is a deep personal loss to many in the Institute family.
